

# MICCAI Workshop on Imaging Genetics

---

## Call for Papers and Abstracts

**MICGen: MICCAI Workshop on Imaging Genetics** invites participation of research related to the field of Imaging Genetics. We call for (6-10 page) **papers** that will be selected for publication in **Springer LNCS Proceedings**, and presented as oral presentations. We also call for (1-4 page) **abstracts** to be selected for poster presentations. Submissions should have a significant medical imaging component, and both new methods as well as practical clinical applications are welcome. The following themes are encouraged, but not exhaustive:

- Joint Modelling of Imaging and Genetics
- Novel Clinical Applications and Results
- Modelling the Environment and its Interactions
- Multivariate Modelling of Polygenic Effects
- Estimating Heritability
- Translational Imaging Genetics

MICGen will bring together researchers and clinicians from various fields including medical genetics, computational biology and medical imaging. The workshop will be held on October 9th, 2015, in conjunction with the Medical Image Computing and Computer Assisted Intervention (MICCAI) conference, and will take place in Munich, Germany.

Deadline: July 3<sup>rd</sup>, 2015.

For more information, please go to <http://micgen.mit.edu>

We look forward to seeing you in Munich, 2015!

MICGen 2015 Committee
